

Summer 2022

Red Lion M&M's Softball Academy

M&M's Softball Academy Camp is designed for the student athlete so that they may progress onto the next level of their game. The clinicians, using a hands-on approach, will be using 21st century mechanics to tweak and improve each individual. We will be stressing the proper mechanics of the game. The younger players will be shown and then practice and perform drills so that the student athlete starts to become Mechanically Sound. The older, or more advanced players, will be shown slightly more advanced mechanics and more detail to refine their individual game.

The camp will include all aspects of the game:

- Proper base running.
- Mechanics of Bunting.
- Hitting lessons in the indoor and outdoor cages.
- Infield and outfield on the Varsity field.
- Pitching sessions.
- Becoming a Mentally Strong player.
